Design Intentions

- Seat Walls
- Area Water Play
- Restroom
- Railroad
- Deck
- Terrace Seating
- Overlooks
- River Rd.
- Existing bridges across the water.
- Picnic/Multi-use Shelter
- Sheltered Pump House
- Walkway

Enhance and frame the beautiful views of the surrounding neighborhoods.

Elements such as Pump Art, remnant orchards, and seating areas on the Creek are braided throughout the entire park, merging the two sides of Salmon Creek together.

Creating a seam between the two sides of the Creek by incorporating repetitive elements that make the park a more cohesive whole.

Establishing an identity for each park; all four parks can stand alone, as well as be part of a cohesive plan.

Possible uses of the Creek's water and energy are discussed, including the possibility of using the Creek to provide water and create a more accessible park.

Contextual Designs - Design Ideas for Four Oakridge Parks

- **Salmon Creek Park**
  - Experiencing the Creek by highlighting surrounding views
  - Child’s play, expanding use of berms to create interesting experiences

- **Greenwaters Park**
  - Not to scale

- **Osprey Park**
  - Linking neighborhoods together through the use of a variety of pathways

- **Bark Mulch**

**Examples of Play Equipment**

- **River Play**
  - Eugene, OR

**Desired Aesthetics**

- Osprey Park
  - Circulation Diagram

**Additional Notes**

- The project includes the addition of multiple pump houses, mimicking those that function as the water supply for Oakridge. Both existing and proposed pump houses are discussed.

- The project aims to create more accessibility, community connection, and park attractions.

**Scale:**

- 1" = 20'

- 1" = 10'

**Areas of Opportunity for Experiencing the Creek**

- Terrace seating set into levee
- Expanded Community Garden
- Concrete Path
- Path extends to Greenwaters Park
- View of Peak in distance across Salmon Creek
- View of Seating Area from across Salmon Creek

**Aerial Perspective of Pond**

- Aerial Contextual Map of Oakridge

**Not to Scale**

- Existing Community Garden
- Existing Pump House on Site
- Existing orchard
- Kiyokawa Orchards Parkdale, OR

**Scale:**

- 1" = 50'
- 1" = 10'

**Legend:**

- Park
- Development
- Path to New Housing
- Pedestrian
- Under Hwy Bridge
- Terrace seating set into levee
- Berms

**Plan Details:**

- Plan Detail A
- Plan Detail B
- Plan Detail C
- Plan Detail D

**Example of Play Equipment:**

- Example of Play Equipment in context

**Link to Trail System:**

- HWY 58
- HWY 26
